Underground Railroad Tour

419.625.2984, 800.255.3743

Erie County, Ohio was a major terminal on the Underground Railroad. Since historic records on this topic are rare and many sites have been destroyed, only a few of the remaining sites and people influential in this movement have been highlighted in a brochure that offers a self-guided tour. Call or pick up a copy of the brochure and map at the Lake Erie Shores & Islands Welcome Center - Sandusky.

The Firelands

In 1792 the Connecticut legislature set aside 500,000 acres at the western end of the Connecticut Western Reserve as compensation for residents burned out of their homes by British forces during the American Revolutionary War. The 'Fire Lands' as it was referred to then, is now spelled as one word 'Firelands', and consists of nearly all of present-day Erie and Huron counties, Danbury Township (Marblehead Peninsula) and much of Catawba Island Township in Ottawa County, and Ruggles Township in Ashland County.

Few of the original 'Sufferers' ever settled in the Firelands, but on April 15, 1803, the Sufferers, or their heirs, legal agents, and purchasers of their deeds, formed a corporation to manage the lands to which they were entitled in the newly formed state of Ohio. The land was divided and subdivided into 120 quarters, each containing 4,000 acres, and a drawing determined which quarter each individual or household received.

Some of the original townships in the Firelands were named after towns in Connecticut or for the land-speculators who had purchased them. Later, after the War of 1812, when villages began to be established, many of the villages were also named after towns in Connecticut.

Modern sign-posts erected within the region have the "established 1792" designation date, even though the lands were physically surveyed from 1806-1808, and very slowly settled after 1808. No villages had developed within the 'Fire Lands' until about the end of the War of 1812.

Islands

Kelleys Island

Most commonly explored by foot, bike, golf cart, and/or kayak, Ohio's largest island is full of adventure for all ages. It has 600 acres of state park lands, 17 miles of coastline, beautiful wildflowers, nature trails, a fossil-filled quarry, and an expansive sandy beach are admired by nature-lovers and outdoor enthusiasts alike, especially during spring birding and fall monarch butterfly migrations. There is also a popular downtown district for shopping and entertainment, as well as food and beverage establishments with signature menu items and specials. Having a high concentration of historic homes and buildings has earned Kelleys Island a spot on the National Register of Historic Places; however, its history is not limited to architecture alone. Glacial Grooves National Natural Landmark and Inscription Rock are two free attractions which add historical significance. With abundant hiking, biking, swimming, kayaking, and fishing opportunities, it's no wonder Health magazine named Kelleys Island one of the Top 10 "America's Healthiest Beach and Lake Getaways" in 2009.

Middle Bass Island

Called Ile des Fleurs or Island of Flowers by early French explorers, Middle Bass is a low, green island with friendly people, glacial grooves, beaches, an historic district, a wildlife refuge, and a small number of dining and shopping spots. It has about 32 year-round residents and 800-1,000 seasonal residents. On a busy summer weekend there are typically over 1,500 people staying on the island, plus day-trippers. Access is attained by ferry, plane, or private boat.

Put-in-Bay/South Bass Island

Hundreds of thousands travel to this Victorian-era village annually to enjoy fun activities, outdoor recreation, and a large variety of special events. Many begin with a narrated tour on the island tour train; but, for those wishing to go at their own pace, there are golf carts, scooters, and bicycles to rent. Numerous attractions offer entertainment and fun, but there's also plenty of educational experiences. Several offerings document island history and heritage, while the Perry's Victory and International Peace Memorial, managed by the National Park Service, includes frequent interpretive programs offered by park rangers and a visitors center. Recreational activities include watercraft rentals, parasailing, swimming, a nine-hole golf course, and year-round fishing. There are numerous shopping spots, art galleries, and a wide selection of restaurants and pubs to please every taste and budget; there are even two wineries and a microbrewery. Put-in-Bay is also known for its exciting and varied music scene, with more than a dozen establishments offering daily entertainment.

Flights to the islands are available from the Erie-Ottawa Regional Airport in Port Clinton, and ferry service is available from different mainland ports:

VERMILION

A Small Town *on a Great Lake*

Visit us this summer and be reminded of a simpler time when an afternoon at the beach, a hand-dipped ice cream cone and a stroll along Main Street were all you needed to make your day special.

Our small town will charm and surprise you with all there is to do, see and taste. Stay for a day, maybe two, and take home a memory that will last forever.

It's critical that boaters on Lake Erie plan ahead; never wait for the last minute to head for safe harbor. Because Lake Erie is the shallowest of the Great Lakes, it stirs up quickly in stormy weather. Storms that move across the lake may cause choppy waves, and could catch unprepared boaters by surprise - use this station to keep updated about the weather when heading out.

January's low temperatures typically drive people inside where it's warm; but, here in Ohio's Lake Erie Shores & Islands, "inside" sometimes means a shanty on top of a thick layer of ice. That little hut contains a heater, a few stools, a hole in the ice, and the chance to catch a lot of walleye and perch! Whether you're a pro or wanting to try it out for the first time, Lake Erie Shores & Islands has what you need for a memorable day on the ice.

Travel Tidbits

Lake Erie
Love

Year-Round Destination

Spring

Spring is a time of anticipation, with lengthening daylight, rising temperatures, and returning songbirds. Pack up your binoculars, field guide, and camera, and come experience one of the most spectacular spring songbird migrations in the country.

Summer

Summer at the shore is like a reunion potluck where abundance and variety satisfy every taste. From roller coasters to waterparks, beaches to islands, and museums to amusements, the assortment promises to please even the most finicky appetite.

Autumn

Autumn foliage warms the landscape from the rugged coastline to the rolling countryside. Farm markets and wineries celebrate bountiful harvests while haunted attractions and eerie entertainment scare up thrills of another kind.

Winter

Winter's chill blankets the region and brings a whole new perspective to this popular destination. Indoor waterparks offer aquatic fun in tropical temperatures, while snow and ice provide outdoor enthusiasts with a bevy of reasons to suit up and celebrate the peaceful season.

Did You Know?

- Lake Erie is the shallowest of the Great Lakes.
- Kelleys Island is the largest American island in Lake Erie.
- The world's longest bar is located on South Bass Island.
- Perry's Victory & International Peace Memorial, in Put-in-Bay, is the third tallest national monument operated by the National Parks System; only the Gateway Arch in St. Louis and the Washington Monument are taller.
- The Glacial Grooves State Memorial on Kelleys Island is the largest and most spectacular example of glacial grooves from the ice age left in the entire world.
- There are three Bass islands, named for the abundance of smallmouth bass in Lake Erie's western basin: North Bass, Middle Bass, and South Bass islands.
- In the early part of the 20th Century, prior to Prohibition, the Lake Erie Shores & Islands area was the largest wine-producing region in the nation.
- Known by the code name "Hope", Sandusky was a major terminal on the Underground Railroad.
- Overlooking Sandusky Bay and operating since 1822, the Marblehead Lighthouse is the oldest continuously operating lighthouse on the Great Lakes.
- Thomas Edison, inventor of the phonograph, incandescent light bulb, and many other devices that make our lives fuller and simpler, was born in Milan, Ohio, in 1847.
- Sandusky's Kalahari Resort houses the largest indoor waterpark in the United States at 173,000 square feet.
- Historic Camp Perry, located on the Ohio shoreline of Lake Erie, has been hosting the National Rifle and Pistol Matches, considered the World Series of Shooting Sports, since 1906.
- Cedar Point Amusement Park, voted "Best Amusement Park in the World" for 16 straight years, is the second-oldest amusement park in North America, welcoming guests since 1870.
- The Lakeside Daisy blooms in only one location in the entire United States - the limestone of the Marblehead Peninsula. In early May, the Lakeside Daisy State Nature Preserve is awash in yellow blooms that continue through early June.
- Ohio is home base for over 1/3 of all of Lake Erie's charter captains. The primary fish sought here are large and smallmouth bass, perch, and walleye.

Sandusky Bay

One Dozen Shores & Islands Must-Do's

Recommendations submitted by welcome center staff

1. Cruise to an island and take a tour, or rent a golf cart or bicycle and ride along the water's edge at your own pace.
2. Go to Cedar Point and be thrilled by the rush of breathtaking rides or the talent of live entertainers.
3. Spend an entire day or two splashing in a refreshing, multi-activity waterpark.
4. Fish Lake Erie or one of the many tributaries that flow into it, for some of the freshest catch-of-the-day.
5. Enjoy the lake and go kayaking, canoeing, sailing, parasailing, boating, or Jet Skiing.
6. Photograph the lighthouses, and if visiting in the right season, climb the spiral staircase to the top of the Marblehead light and enjoy the spectacular view.
7. Explore numerous museums and enjoy hands-on exhibits or a docent's account.
8. Sunbathe or show off your talents building sandcastles at the beach.
9. Sample locally-crafted brews and wines and learn about the process of production for each unique blend.
10. Attend an annual festival and enjoy the entertainment while savoring the harvests of the season.
11. Walk a nature trail enjoying the native flora and fauna of the region.
12. Visit an animal park and pet, feed, and perhaps ride one of the animals.

Meeting & Groups

Conventions & Meetings

Site options are endless for hosting a conference, convention, or tradeshow. Choices range from professional, top-notch convention centers, including Ohio's largest hotel with 215,000 sq. ft. of meeting space, to pleasant island retreats. Allow creativity to flourish, by hosting a company picnic or conclave at picturesque lakefront meeting locations.

Motorcoach & Tours

History or heritage, fishing or sailing, culinary or wine, cruising or hikes, the Lake Erie Shores & Islands can satisfy any group request. With over 90 attraction choices, participants can enjoy multiple days of exploring. Contact the group sales team to arrange a customized itinerary.

Reunions

A prime meeting destination for school, family, fraternal, and military reunions, with a convenient location just off the Ohio Turnpike and a multitude of accommodations and attractions to enhance the visit. The group sales team can assist with the coordination of catering, entertainment, and ice breaker ideas.

Sporting Events

Numerous indoor and outdoor venues host competitive, entertaining, and charitable events. Gymnastics, dance, cheer, bowling, and billiard competitions are hosted year-round; while, sports such as golf, lacrosse, volleyball, and soccer utilize seasonal outdoor green spaces. Lake Erie, and its many tributaries provide an ideal tournament setting for fishing, sailing, or water skiing, and more; plus, the lakefront offers an ideal backdrop for running competitions. Inquire about venue options to host your next sporting event.

Student Groups

The destination that delivers attention-grabbing adventures, performance, and educational opportunities to entertain and inform students of all ages and abilities. Options include marching down the midway of Cedar Point playing your school's fight song, singing on stage; or using math, science, and physics to calculate potential and kinetic energy, speed, acceleration, gravity, and rotational motion of the rides; cruising to an island where Lake Erie is the classroom; or splashing all day long at an indoor waterpark.

Tradeshows

The Lake Erie Shores and Islands is an ideal alternative to big city convention centers for mid-sized tradeshows. Located just off the Ohio Turnpike, area facilities offer easy access for exhibitors and attendees. The largest venue offers 38,000 sq. ft. of continuous, column-free tradeshow floor accommodating up to 190 10'x10' exhibit booths, 28 ft. clear ceiling height, built-in registration desks, free parking, attached lodging, in-house catering, and an indoor wash bay.

Weddings

From popping the question to sealing it with a kiss, Lake Erie Shores & Islands has the ideal locations to help make your dreams come true! Imagine a bridal shower in a historic home or winery, an island-style bachelor/bachelorette party, a rehearsal dinner on a sunset cruise, or a wedding ceremony on the beach or near a lighthouse. Let a group sales specialist help you plan a destination wedding close to home.

The logo for the Park Hotel Put-in-Bay features the words "PARK HOTEL" in large, serif capital letters, with "Put-in-Bay" in a smaller script font below it. A stylized black silhouette of a lighthouse is positioned between the two lines of text. Below the main title, the words "Historic Victorian Hotel" are written in a script font, with "est. 1873" in a smaller serif font underneath. The background of the logo shows a bright, slightly overexposed view of the hotel's exterior, which is a multi-story building with a dark roof, white walls, and several windows. In the foreground, there are some green plants and a small American flag. At the bottom of the image, there is a collage of smaller photos showing the hotel's exterior, a garden area with a white gazebo, and a sign that reads "PARK HOTEL". A large blue "f" for Facebook is in the bottom right corner.
